Filter Housings Specials

Bespoke Filter Housings

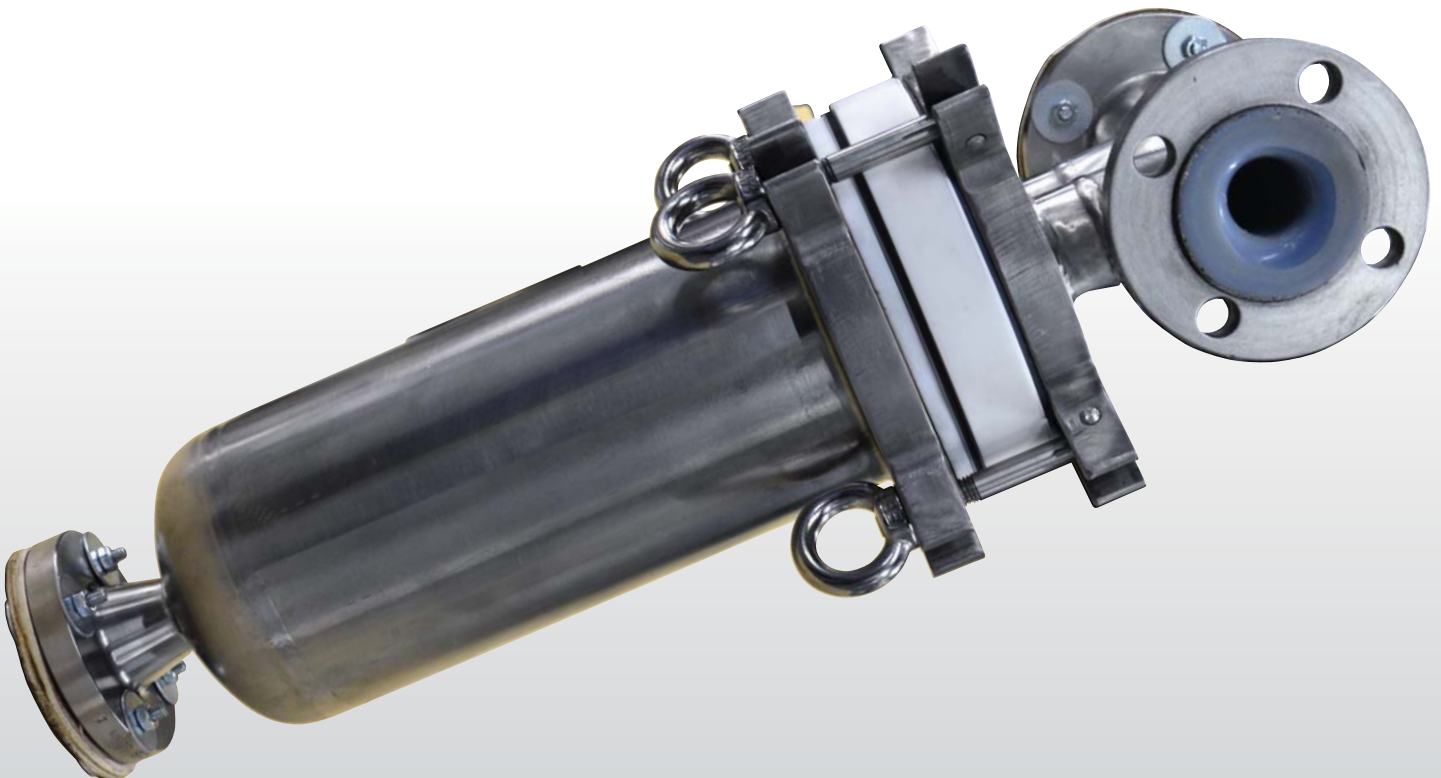

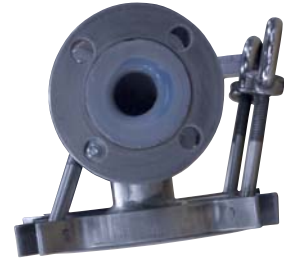

The SMART choice for filtration

Bespoke Filter Housings

Hall Pyke produces a wide range of standard and customer specific Filter Housings.

Hall Pyke can now offer a wide range of standard and bespoke designed filter housings for both liquid and gas applications. Filter housings can be designed to international pressure vessel design codes ASME VIII, EN13445 and PD5500, and are ATEX and Pressure Equipment Directive (PED) 97/23/EC compliant.

Hall Pyke can engineer the right housing to suit our customer's requirements. We can manufacture housings with a range of additions including heating jackets, drain points, polished to your requirements, adjustable legs, and almost any connection styles. We also have the design and build capabilities to provide customer specific systems, including trolleys and skids. Whatever your requirements, why not give us a try.
